

MILKOR RIPPER 900

T-TOP CONFIGURATION

A compact and lightweight platform, the Milkor Ripper 900 is designed for speed, manoeuvrability, and the ability to operate in constrained environments. With a draught of less than half a meter while still accommodating a crew of up to 7 and achieving speeds in excess of 55 knots, the Milkor Ripper 900 rethinks what is possible with a compact vessel. Ideal for coastal and harbour patrol, the Milkor Ripper 900 offers great capability in a compact form.
